In Democracy Reloaded, Cristina Flesher Fominaya tells the story of Spain’s “Indignados” or “15-M”, one of the most influential social movements of recent times. In the wake of the global financial crisis and harsh austerity policies, 15-M movement activists occupied public squares across the country, mobilized millions of Spanish citizens, gave rise to new hybrid parties such as Podemos, and inspired pro-democracy movements around the world.

**Features**

- Includes unique interviews with key participants in the 15-M movement and Podemos
- Provides an insider view of the movement, what motivated the participants and how they built a strong movement
- Offers an original argument that challenges some of the dominant interpretations of factors that lead to movement success
- Brings to light the dynamics of autonomous “horizontal” movements

“Democracy Reloaded will quickly become, and for a long time should remain, the definitive work on the topic of the Spanish M-15 social movement, and the origins of Podemos. The book is a model of sensitive and sophisticated scholar-activist interpretation, with a depth of nuance and flexibility of analysis that are rare and that will serve us well.”—John Foran, University of California, Santa Barbara

Cristina Flesher Fominaya is Excellence 100 Reader in Social Politics and Media at Loughborough University and an internationally recognized expert in European social movement and politics.
